Aggression

MIDDLE EAST:

- **Palestinian** resistance continues the struggle for **self-determination** and the immediate halt to ethnic cleansing and genocide. Israeli aggression has made peaceful coexistence impossible.

APIC supports:

- The Palestinian people's **right of return**.
- The Palestinian people's right to national liberation through the creation of an independent state of their own.

AFRICA:

- APIC supports the anti-imperialist struggle being waged by Burkina Faso, Mali, and Niger **against European neo-colonialism** in West Africa.
- APIC opposes the role of US imperialism's command center AFRICOM on the continent.

LATIN AMERICA:

- APIC supports the rising tide of opposition to US hegemony in Latin America.
- **End the US blockade of Cuba** which has been opposed by the UN since 1958.

Our History:

The American Peace Information Center (APIC) continues the work of the **Peace Information**

Center (PIC) which was the American affiliate of the **World Peace Council (WPC)** founded in 1948 in Poland.

Who We Are:

Our Mission Statement:

APIC is a multi- racial organization fighting against Fascism and wars instigated by the North Atlantic Treaty Organization (NATO) and its Imperialist policies.

- Establish mutually beneficial **trade** and cultural **relations** based on friendship and respect.
- Peaceful co-existence between states with different socio-economic systems.

APIC is distinguished from other peace organizations. We understand **Fascism to be the primary enemy** to all forms of international peace. We oppose Fascism in all its manifestations and the putsch attempts and rigged elections that bring Fascism to power. **Fascism is the dictatorship of the most chauvinist and imperialist elements of the ruling class led by finance capital.**

APIC's Principles

- We understand the importance of wars **against Fascism** and that we cannot negotiate with Fascists.
- Prohibition of weapons of mass destruction.
- Ending the arms race
- Massive reduction of US foreign military bases
- Reduction in conventional armaments
- Dissolution of NATO.
- **Ending** all forms of colonialism and **neo-colonialism.**
- The right of all peoples to **self-determination**

APIC supports liberation of Palestine

EUROPE:

- Halt NATO Expansion in Europe: The CIA-instigated Fascist overthrow of the duly-elected Ukrainian government in 2014. This led to the Ukrainian civil war. This conflict would never have occurred if the US had not interfered in the Ukraine's internal affairs.

FAR EAST:

- End US encirclement of the Peoples' Republic of China.
- Halt all US intervention in the internal affairs of Taiwan. The UN does not recognize Taiwan as independent.
- APIC supports a treaty to officially end the Korean War, and to restore normal diplomatic relations with the Democratic Peoples Republic of Korea (DPRK).
